PRODUCT DESCRIPTION

Bemis 16A 4P IP44 CEE 90° Angled Wall-Mounted Inlet (BC1-1504-2236) is a CEE (IEC 60309 type) wall-mounted inlet used to take supply at a fixed surface point. With 16A rated current and 3 phases + earth (4-pin) contact arrangement, it is rated 380V-450V / 50Hz - 60Hz for three-phase systems. IP44 protects against solid objects larger than 1 mm and against water splashing from any direction. Housing material is Polyamide 6 and contacts are MS 58 (brass). The 6h clock position shows where the earth contact sits relative to the keyway and prevents plugs and sockets of different voltage or frequency systems from mating.
