## PRODUCT DESCRIPTION

Bemis 63A 5P IP67 CEE 45° Angled Panel-Mounted Socket (BC1-4505-7420) is a CEE (IEC 60309 type) panel-mounted socket-outlet fixed to enclosures, machines or equipment. With 63A rated current and 3 phases + neutral + earth (5-pin) contact arrangement, it is rated 380V-450V / 50Hz - 60Hz for three-phase systems. IP67 is fully dust-tight and withstands temporary immersion in water. Housing material is Polyamide 6 and contacts are MS 58 (brass). The 6h clock position shows where the earth contact sits relative to the keyway and prevents plugs and sockets of different voltage or frequency systems from mating.
