Polyamide 6

QUALITY CERTIFICATES

PRODUCT DESCRIPTION

Bemis 160A 4P IP67 CEE 90° Angled Wall-Mounted Inlet with Panel Socket (BC1-8504-7238) is a CEE (IEC 60309 type) wall-mounted inlet used to take supply at a fixed surface point. With 160A rated current and 3 phases + earth (4-pin) contact arrangement, it is rated 380V-450V / 50Hz - 60Hz for three-phase systems. IP67 is fully dust-tight and withstands temporary immersion in water. Housing material is Polyamide 6 and contacts are MS 58 (brass). The 7h clock position shows where the earth contact sits relative to the keyway and prevents plugs and sockets of different voltage or frequency systems from mating.
