PRODUCT DESCRIPTION

Bemis 63A 3P IP67 CEE Appliance Inlet (with Pilot Contact) (BC3-4403-7114) is a CEE (IEC 60309 type) appliance inlet fixed to equipment or enclosures and supplied through a connector. With 63A rated current and 2 poles + earth (3-pin) contact arrangement, it is rated 220V-250V / 50Hz - 60Hz for single-phase systems. IP67 is fully dust-tight and withstands temporary immersion in water. Housing material is Polyamide 6 and contacts are MS 58 (brass). The 6h clock position shows where the earth contact sits relative to the keyway and prevents plugs and sockets of different voltage or frequency systems from mating. This version includes a pilot contact.
