PRODUCT DESCRIPTION

Bemis 125A 3P IP67 CEE 90° Angled Wall-Mounted Inlet (with Pilot Contact) (BC3-6403-7236) is a CEE (IEC 60309 type) wall-mounted inlet used to take supply at a fixed surface point. With 125A rated current and 2 poles + earth (3-pin) contact arrangement, it is rated 220V-250V / 50Hz - 60Hz for single-phase systems. IP67 is fully dust-tight and withstands temporary immersion in water. Housing material is Polyamide 6 and contacts are MS 58 (brass). The 6h clock position shows where the earth contact sits relative to the keyway and prevents plugs and sockets of different voltage or frequency systems from mating. This version includes a pilot contact.
