PRODUCT DESCRIPTION

Bemis 16A 3P IP44 CEE Appliance Inlet (BCS-1403-2114) is a CEE (IEC 60309 type) appliance inlet fixed to equipment or enclosures and supplied through a connector. With 16A rated current and 2 poles + earth (3-pin) contact arrangement, it is rated 220V-250V / 50Hz - 60Hz for single-phase systems. IP44 protects against solid objects larger than 1 mm and against water splashing from any direction. Housing material is Polyamide 6 and contacts are MS 58 (brass). The 6h clock position shows where the earth contact sits relative to the keyway and prevents plugs and sockets of different voltage or frequency systems from mating.
