PRODUCT DESCRIPTION

Bemis 125A 5P IP67 CEE Connector (BCS-6505-7312) is a CEE (IEC 60309 type) connector (portable socket-outlet) fitted to the end of a flexible cable to create a mobile power point. With 125A rated current and 3 phases + neutral + earth (5-pin) contact arrangement, it is rated 380V-450V for three-phase systems. IP67 is fully dust-tight and withstands temporary immersion in water. Housing material is Polyamide 6 and contacts are MS 58 (brass). The 6h clock position shows where the earth contact sits relative to the keyway and prevents plugs and sockets of different voltage or frequency systems from mating.
